What is Intellectual History History Today

For intellectual history most certainly is a part of history, part of the attempt to understand past human experience. Its role in the division of labour is the understanding of those ideas, thoughts, arguments, beliefs, assumptions, attitudes and preoccupations that together made up the intellectual or reflective life of previous societies.

The secret intellectual history of mathematics Aeon Essays

Yet both portray intellectual history mostly in terms of political languages and expressions of power. The discourses and mentalities of individuals, for both of them, describe much of the social and political world, and account for when and why change happens. But one of the most important reasons for the rise of the modern state is the increasing possible reach of politicians and bureaucrats
