Business: 0a 1: Type of Accommodation These results must be placed in context by comparing them to the findings for the group with the lowest income. Overall, all groups are less likely to extend their LOS than the lowest income group. The latter group aside, it is reasonable to assume that the other income categories have the same level of impact on LOS. Given the above

In this [case] the consumer has initiated and then defined the sales context. And as a potential buyer he is far more likely to buy because he has reestablished control, first by learning more in an environment where he controls the shape and pacing of the information, and then by giving [you the] permission to sell to him.
