Soviet Perspective On The Cold War And American Foreign

Ukraine gained its independence in 1991, when the Soviet Union was dissolved and former Soviet republics became sovereign states. Since that time Ukraine started its own policy, with the Ukrainian point of view on history, international relations, and politics differing greatly from the Russian perspective.

Beyond the Archive Perspectives on History AHA

In Russia, camps were also heavily clustered in the Urals region, where much of Soviet industry had been evacuated during the early stages of the war. An imported map of Russian rail lines showed that camps fell only on the rail networks of the Russian Soviet republic (Figure 3). POW camps were placed on central transport lines rather than in remote locations where they might be hidden from view.

History of computing in the Soviet Union Wikipedia

The history of computing in the Soviet Union began during the late 1940s, when the country began to develop MESM at the Kiev Institute of Electrotechnology in Feofaniya. Initial ideological opposition to cybernetics in general was overcome during the Khrushchev era, and computer production was officially encouraged.
