No one mentions Beidou again What is the use of Beidou

The globalization of Beidou navigation means that China's navigation industry has reached a new level, which has greatly protected China's national defense and national privacy. Other countries took their noses away. With the continuous improvement of Beidou navigation and the further expansion of the market, it is believed that the Beidou will gradually enter the public's sight and break the

Globalization PDF Document

As an example, Chinese economic reform began to open China to the globalization in the 1980s. Scholars find that China has attained a degree of openness that is unprecedented among large and populous nations", with competition from foreign goods in almost every sector of the economy. Foreign investment helped to greatly increase quality, knowledge and standards, especially in heavy industry

Globalization Wikipedia

Globalization or globalisation is the process of interaction and integration among people, companies, and governments worldwide. As a complex and multifaceted phenomenon, globalization is considered by some as a form of capitalist expansion which entails the integration of local and national economies into a global, unregulated market economy.
