George Comninel Department of Politics York University

This course offers an interdisciplinary approach to the major developments of European political thought in the sixteenth century. It emphasizes the widely divergent historical contexts and processes of social change in Italy, Germany, France and England during this period, in contrast to what is usually perceived to be a broad parallelism of

George Comninel Department of Politics York University

In the final part of the course we will consider the contributions of Hobbes and Locke to modern political thought, and the emergence of the liberal state, in light of both the issues and fears raised by having "the world turned upside down" and the broader context of fundamental social change.
